

Welcome
to
Farnham Common Infant School

Vision and Values

Together taking learning above and beyond

Vision: Working together to be a caring, creative learning environment, enabling all to be excellent

Ethos:

We believe that building a safe nurturing environment, where all of our learning community can flourish, involves a child-centred approach to education. We provide an inspiring, challenging curriculum, based on creative learning and rich first-hand experiences both inside and outside the classroom that sparks enquiring minds and develops resourcefulness. Our inclusive approach promotes community values, builds resilience and consideration for those around us and enables all of our learners to reach their full potential.

Values:

Respect - We are inclusive to all within our community and accepting of different beliefs, values and faiths.

Resilience - we maintain our positive attitude when facing challenge.

Innovation - we find better solutions and we use our imaginations and creativity to find better solutions.

Empathy - we show understanding towards other people's feeling and views

Integrity - we are always honest and remain true to our principles.

Travel

- Supports School's aims and objectives
- We want to reduce car journeys to school
- The children love the walk / scoot / bike to school
- Car park only available for exceptional circumstances (please see the office)
